I have been attending lessons in this education centre since
I was primary one. Learning Garden is another family of
mine. I learnt a lot of knowledge. While my classmates are
just like my brothers and sisters and teachers always care for us.
Thank you for your concern, Teachers!

我覺得在這間補習社學知識還好過在学校。
学校是一种填鴨式教育，給極多与考試有关的教
材於同学尤其是中文科。而補習社則是一种互动教
育，给予同学多方面的知識，豐富我們的學識領域。

Through studying in 2G, I gained more practice on every aspect. Why? I use 'studying' instead of 'tutorial'.^{classes} The reason is simple. Learning in 2G is similar at school and sometimes even better than school. I am not trained for the exam skills here.

I am actually learning languages.
